

## **STATE OF VIRGINIA DISCLOSURE FORM**

The Board of Veterinary Medicine requires all animal hospitals to inform clients of any hours or days when continuous medical care is not available. This disclosure form must be read and signed by the owner before we can admit their pet(s) to the hospital. This document will become part of the permanent medical record.

The Herndon Animal Medical Center has business and medical staffing hours as follows:

|  |                           |
|--|---------------------------|
| <b>Monday &amp; Wednesday</b>          | <b>7:30 am to 7:00 pm</b> |
| <b>Tuesday, Thursday, &amp; Friday</b> | <b>7:30 am to 6:00 pm</b> |
| <b>Saturday</b>                        | <b>7:30 am to 2:00 pm</b> |
| <b>Sunday/Holidays</b>                 | <b>CLOSED</b>             |

Therefore this is to inform you that we have no in-house, on-duty, continuous medical staff care:

- Overnight: From closing time to opening time at 7:30 am.  
Weekends: From closing time on Saturday at 2 pm to opening Monday morning at 7:30 am.  
Holiday: From closing time before the holiday to opening time the day after the holiday at 7:30 am. For holidays falling on a Monday we will be closed from closing time on Saturday to opening time on Tuesday morning at 7:30 am.

We do not have staff members here 24 hours a day. If your pet needs 24 hour care we recommend The Hope Center in Vienna, Virginia or The Life Centre in Leesburg, VA where a doctor and staff is on duty at all times.

**I HAVE READ THIS FORM AND AM AWARE OF HERNDON ANIMAL MEDICAL CENTER'S STAFFING HOURS.**
